**N. Read the passage and answer the questions.**

Venice is a city in Italy. It is the capital of Veneto which is in the north-east of the country. It has 150 canals. People cross the canals by many small bridges and boats. The buildings are very old and attractive and tourists come from all over the world to see them. The most famous sights are the Rialto Bridge and the Doge's palace. It is the most popular tourist attraction in north-east Italy. Every year the city sinks a few millimeters because the ground is made from mud and the city might be completely underwater because of this. The Italian government is taking some actions against the rising sea levels, that will safely protect Venice forever.

1. The buildings in Venice are modern and amazing.      True      False  
 2. Venice is one of the international tourists attractions. True      False

1. How can people cross the canals in Venice?

2. Why is Venice in danger?
